<p>The instructions in this guide are intended for all shipments for which a division of <u>Federated is paying all or a portion of the freight expense.</u></p>

The Federated Transportation Office (FTO) will be responsible for establishing routing policies and auditing for adherence to routing instructions on shipments where any of the following stores pay part or all of the freight charges:

Bloomington's, *Manhattan, New York*
Macy's Northwest, *Seattle, Washington*
Macy's Florida, *Miami, Florida*
Macy's East, *Herald Square, New York*
Macy's West, *San Francisco, California*
Macy's Central, *Atlanta, Georgia*
Macy's Home Store, *Herald Square, New York*

Please review the information in this Routing Guide carefully. Any questions concerning information contained in this guide or in reference to the Purchase Order routing instructions should be addressed **prior to shipment of goods.**

PACKING INSTRUCTIONS, CARTON MARKING SPECIFICATIONS, EDI (UPC) REQUIREMENTS AND ACCOUNTS PAYABLE GENERAL INFORMATION - - please refer to the Federated Department Stores "Vendor Standards Manual". Furniture and Bedding vendors, please also review the "Furniture Packing & Quality Standards Manual" and "Bedding Packing & Quality Standards Manual". A list of EDI CONTACTS is also available on the website. Copies of all manuals and the EDI Contact List may be printed from the Federated Internet website at www.fdsnet.com

FAILURE TO FOLLOW THESE ROUTING INSTRUCTIONS WILL SERVE AS YOUR AGREEMENT TO ABSORB ANY OR ALL OF THE FREIGHT COSTS PLUS A PROCESSING FEE.

NOTE: In an effort to reduce transit time and expense, Federated will continue to consolidate and change ship to locations. All updates to the ship to locations will be available as Notices of Procedural Change on Federated's Internet home page at www.fdsnet.com

GENERAL INSTRUCTIONS

Unauthorized Carrier/Destination

If Federated is paying any portion of the freight charges, the routing instructions in this guide must be followed and the authorized carrier as indicated in this Guide must be utilized. If a carrier or destination other than the designated carrier or destination is used, and for which you have not obtained authorization, the shipment will be considered as "FOB Destination", and:

1. All freight charges will be the responsibility of the vendor because an unauthorized carrier was used.
2. All loss and /or damage of merchandise will be the responsibility of the vendor if an unauthorized carrier is used.
3. All shipments to the wrong destination will be charged an expense offset.
4. Detention and demurrage costs at any store's receiving location will be the vendor's responsibility when the "delivering carrier" is not a designated carrier.

Prepaid Freight - Vendor Freight Invoices

All shipments for which a division of Federated pays part or all of the freight expense must be on a freight collect basis only.

DO NOT PREPAY AND ADD FREIGHT CHARGES TO THE MERCHANDISE INVOICE. Merchandise invoices that contain freight charges will be paid net of freight. Any **freight invoices that have not received prior approval** will be returned, unpaid, to the vendor.

On shipments where **prior permanent approval** has been granted to ship prepaid and bill, a separate freight-only invoice must be sent to FTO for approval and payment. Include the department, purchase order, and merchandise invoice number. The invoice must indicate the billing factors, i.e. cartons/weight, number of seats/pieces, miles, etc. upon which the rates are based.

Shipments where **temporary approval** has been granted to ship prepaid and bill, a separate freight-only invoice must be sent to FTO for payment. Include the department, purchase order, and merchandise invoice number. The invoice must indicate the billing factors, i.e. cartons/weight, number of seats/pieces, miles, etc. upon which the rates are based. **An authorization number will be issued for one specific shipment. This authorization number must be noted on the vendor's freight invoice.**

Vendor Truck or Specialized Distribution Programs

Use of **vendor truck** or **specialized distribution programs** is subject to prior review and approval. Vendors must have an agreement, in writing, by FTO. Any programs that are not approved will be considered routing violations and treated accordingly. If you have any such programs, please contact FTO to confirm the authorization and terms. **Any rate increases or changes in previously approved vendor programs must be submitted to the Federated Transportation Office prior to shipping for review and approval.**

Bill of Lading Instructions

The Bill of Lading is a crucial component in the processing of shipments through the distribution center. The following instructions are intended for the physical handling of the freight and should not be used for EDI system development. For instructions concerning information regarding EDI systems procedures, please refer to the Federated "**Vendor Standards Manual**". This document is available on our Internet home page at www.fdsnet.com

- Federated requires that vendors follow the Bill of Lading standards published by VICS. A link to the VICS website may be found on the Federated Internet website at www.fdsnet.com. (Interindustry Link) The VICS website location is www.vics.org
- Every Bill of Lading must have a unique number.
- The Bill of Lading number transmitted on the EDI 856 must exactly match the Bill of Lading number tendered to the carrier for that shipment.
- Every purchase order on the shipment must be clearly and accurately noted in the body of the Bill of Lading.
- Always **declare full value** (value at **cost**, not retail) on the Bill of Lading - NEVER ship at released value.
- All merchandise shipping on one day from one location to one location for one division must be combined on one Bill of Lading.
- **When shipping to a distribution center which receives for more than one Federated division**, each division should be on one separate Bill of Lading for that day, HOWEVER, aggregate weight and cube for an entire day is to be used when determining the proper routing instructions. **All cartons and weight** ready to ship on one day from your facility to the same distribution center must be used when determining whether the shipment should be sent via LTL carrier, or Truckload.
- In the case of Truckload shipments, **every truckload must have it's own unique Bill of Lading showing all P.O. numbers, and total carton count and weight**. In the event the shipment requires more than one trailer, each trailer's Bill of Lading must reflect the exact contents of that trailer.

EDI Instructions

Provide an EDI 204/211 Motor Carrier Bill of Lading document to all freight carriers for all shipments. An expense offset will be assessed for all shipments where no 204/211 is received. The common data in your 204/211, 856 (Advance Ship Notice) and the actual shipment must match each other. Your shipment must be presented intact to the carrier.

PREPAID SHIPMENTS:

All carriers delivering a shipment to any Federated Logistics facility are required to provide an accurate and timely EDI214 (Transportation Carrier Shipment Status) in order to obtain a delivery appointment. If, for any reason, vendor elects to pay freight charges, the carrier selected for that shipment must be able to provide this document. Prior to sending an EDI 214, all carriers must have tested with and been approved by Federated's EDI department. Please call 770-913-4688 for more information on testing and getting approval to send this document.

Please note: All carriers listed in this guide and any carrier specifically assigned by the Federated Transportation office (i.e. air freight or truckload carrier) will be able to provide this transmission.

All prepaid shipments to any Federated facility are DRIVER UNLOAD; the facility will not assist with unloading.

Routing Deviations

All deviations from these standard routing instructions must be individually authorized by FTO **prior to shipment**. BUYING OFFICES ARE NOT AUTHORIZED TO ISSUE ROUTING INSTRUCTIONS. All routing deviations will be issued an authorization number, which must be noted on the Bill of Lading or Airway bill.

Air Shipments:

- a) If the **VENDOR is paying 100% of the freight cost**, an authorization number is not needed. The vendor ships via their own carrier and is responsible for tracing the shipment as well as all charges, loss, damage, etc. All carriers are required to obtain a DELIVERY APPOINTMENT from the distribution center's receiving department *prior to* attempting delivery.
- b) If the **STORE is paying any portion of the freight cost**, the department buyer must follow the procedures outlined in the published "Air Authorization" procedures. If approval is granted, an authorization number and designated carrier will be issued. The authorization number must be noted on the airway bill. All shipments are freight collect. Declare full value and insure for full value.
- c) The air carrier must pick up authorized air shipments, and the airway bill dated **THE DAY OF THE READY TO SHIP DATE**. Failure to ship in a timely manor will result in a chargeback to your company

Backorders and Samples

All Sample and back-ordered merchandise must be delivered freight prepaid by the Seller. See exception, page 14, Customer Fulfillment Centers ONLY.

Direct to Store Shipments

Shipping merchandise directly to a store (except specific pre-approved food and candy categories) is a violation of Federated policy unless specifically authorized. Authorization to ship direct to store may only be obtained by the Merchant from the division Controller.

Local Puerto Rico vendors, please see page 12 for instructions.

Pallets

- **Overweight Shipments** - All merchandise shipped to a Federated Distribution center on a Truckload or Contract carrier must be floor loaded and NOT on pallets, unless specifically authorized by FTO, 770/913-4685. Shipments moving on pallets without the proper authorization will result in chargebacks to your company. **If you have received authorization to ship on pallets, you must consider the AMOUNT OF TRAILER SPACE the shipment will require when calculating cubic feet. (As an example, you must take into consideration the additional space required if the pallets cannot be double stacked, etc.)** The correct cube (including additional space required for pallets) must be entered into FDSNet Shipping. If the shipment has not been approved to ship palletized and is loaded on pallets when the carrier arrives to pick up, any wait time, redelivery, or other accessorial charges billed by the carrier while the shipment is removed from pallets and converted to floor load will be charged back to the shipper.
- **Consolidation** – Shipments moving through the Consolidator (see Commercial Zone) routing, pages 11, 12 must be floor loaded and NOT on pallets unless specifically authorized by FTO.
- **LTL Shipments** – Vendors shipping on LTL carriers (i.e. Roadway Express) may palletize shipments. No authorization is needed.

Exception – West Coast Fulfillment Center (SR) - for this facility only – shipments should be palletized. Any detention at the Sacramento facility due to the shipment not being palletized will be charged back to the vendor.

Specialized Commodity Routing

Vendors must contact FTO at 770/913-4608 for specific routing instructions for the following types of shipments:

- **Garments on Hangers** (GOH) not in “hanger packs”
- **Perishable** goods or goods requiring **temperature control**
- **Furs, Couture** and other **high value merchandise**
- Merchandise shipped “**out of carton**”

Specifications for Carrier Selection

- All cartons and weights ready to ship on one day from one location to one facility must be considered when determining whether the shipment should be sent via a LTL carrier, or Truckload.
- **Aggregate weight and cube or trailer space** for an entire day is to be used when determining the proper routing instructions.
- Furniture vendors must consider the AMOUNT OF TRAILER SPACE the shipment will require when calculating cubic feet.
- Routing (carrier selection) is determined by both the shipment weight, and cube or amount of trailer space the shipment will require. It is imperative that the accurate cube and/or trailer space be communicated.
- Please see page 9 for assistance in calculating cubic density.

Small Package

Federated Department Stores does not authorize the use of ANY small package carriers (i.e. UPS, RPS, etc.) for any shipments inbound to a Federated Logistics distribution center for which a division of Federated pays part or all of the freight expense. The few exceptions to this policy are clearly noted in this guide.

The only exceptions to this rule are:

- Jewelry vendors. (Please see the section in this guide that specifically applies to Jewelry).
- Shipments direct to the Customer’s home.
- Any individual shipment that has received specific authorization from FTO to ship via small package.
- Furniture repair parts. (Please see the section in this guide that specifically applies to repair parts).
- Shipments to the East and West Coast Customer Fulfillment Centers.

Vendors who have been approved to ship via UPS must provide carton level detail information. Failure to provide accurate and/or complete information may result in charge backs to your company. For details on these procedures, please contact the Federated Transportation Office at 770/913-4608.

Small Package Routing (Small Ticket Shipments Only)

All vendors shipping in the **Los Angeles** and **New York/New Jersey commercial zones** that pay freight to the consolidator are excluded from this program. You should continue to send your shipments through consolidation.

This procedure also excludes all furniture, bedding, rug, jewelry, and Macy's.com (CFC) shipments. Please follow the normal routing instructions for these categories as specified in the routing guide, located on the Federated Internet website at <http://www.fdsnet.com>.

All vendors must adhere to the following routing instructions on shipments where the freight is paid (collect) by Federated. As follows:

Table 1: Freight shipping to Secaucus, Stone Mountain (Non-CFC Merchandise), Tampa, Mission Road, Hayward, and Tukwila distribution centers.

Weight and Cartons	Shipping Information
0 - 149 lbs and 1-6 cartons. (Note: If your shipment is within this weight range, but more than 6 cartons, DO NOT USE THIS SERVICE)	Ship United Parcel Service (UPS) Ground
150 – 200 lbs with no carton limit	Ship UPS Ground
<ul style="list-style-type: none"> • 0 – 149 lbs and more than 6 cartons • 201 – 1,500 and less than 1,000 cubic feet 	<ul style="list-style-type: none"> • Ship via Less-Than-Truckload (LTL) • Ship to the consolidation carrier as specified in the Federated Transportation Routing Guide for your area
Greater than 1,500 lbs and more than 1,000 cubic feet	Submit all shipments through FDSNet for all routing instructions

All UPS shipments must be sent third – party bill using the proper account numbers listed on the routing guide.

All shipments moving UPS must provide Package Level Detail (PLD) information.

Do not declare value on shipments going through this program. Please leave this field blank.

Any questions concerning these instructions should be directed to the Federated Transportation Office at (770) 913 – 4608.

LTL (Less Than Truckload)

- Shipments from **0-1,500 lbs. and no more than 1,000 cubic feet.**

In an effort to **maximize truckload shipments** and to reduce LTL (less than truck load) shipments, all shipments from your single ship from location to each Federated Logistics distribution center must be consolidated in order to meet our minimum shipment weight of 1,500 lbs, or our minimum volume of 1,000 cubic feet.

LTL AND CONSOLIDATION SHIPMENTS SHIPPED FROM ONE SINGLE LOCATION AND CONSIGNED TO ONE SINGLE LOCATION MAY NOT BE SHIPPED ON CONSECUTIVE DAYS unless specifically authorized by FTO. Violation of this policy will result in a chargeback to your company.

Trailerload Shipments (Overweight Shipments)

- Shipments **over 1,500 lbs or more than 1,000 cubic feet.**

All overweight shipments (Over 1,500 lbs. or more than 1,000 cubic feet) must be sent to FTO via **FDSNet Shipping** on the Federated Internet website at www.fdsnet.com

To register for a User Name and Password, go to the Federated website at www.fdsnet.com and click on the "Register Now" link.

To register on FDSNet shipping, a vendor must have the following information:

- 1 – Vendor Account Number – generally, this is the vendor's 9 digit DUNS number with a "0" added to the beginning and a "90" added to the end.

Example: If the Vendor's DUNS = 001234567, Vendor Account Number = **000123456790**

- 2 – Valid email address.

- 3 – Access to the Internet

- 4 – Web Browser (Netscape 4.0+ or Internet Explorer 4.0+)

Note: When setting up your Vendor Profile, on the "Job Role" section, select **Pick/Pack/Ship**. This will allow you access to the FDSNet Shipping application.

Within 2 business days of submitting the online registration, you will receive a confirmation email confirming your User Name and Password. At this time you will be able to Log In and access the activities on FDSNet. Printable training materials that will guide you through registering and using FDSNet Shipping are available by using the Help link.

FDSNet Shipping

- It is no longer necessary to enter carton/GOH, weight, and cube by PO number.
- Every PO on the shipment must be entered.
- Cartons/GOH, Weight, and Cube are required for the total shipment.
- Specialized Routing Requests (SRR) are used to communicate specific information. An SRR should be selected only if it applies to the specific shipment. You may select only one SRR per shipment
- Shipment Specifications are available to communicate additional information. Select a shipment specification only if the specification listed applies to that particular shipment. You may select multiple specifications as they apply.
- Pallets - If you have received specific approval to ship on pallets calculate the cube based upon the trailer space including any additional space required because of pallets.

NOTE For detailed information concerning entering shipments on FDSNet Shipping, please visit the Federated Internet website at www.fdsnet.com, click on "Routing Guide" and then on "**Transportation Updates for Vendors**".

When your information has been entered into FDSNet successfully, a SHIPMENT NUMBER will be assigned to the entry. This number should be kept as reference to that particular entry.

FDSNET Shipping will allow entry of shipments into the system no more than 14 days prior to the vendor's ready to ship date.

FDSNET Shipping will allow entry of a shipment request with a ready to ship date equal to or greater than the PO start ship date (but not beyond the PO cancel date). You cannot enter a ready to ship date earlier than the PO start ship date.

FDSNet Shipping – Information Accuracy

The information submitted via FDSNet Shipping is used in conjunction with the vendor's EDI 856 (ASN) to generate a delivery appointment at the distribution center. This allows pre-receiving functions to fully maximize the utilization of the vendor's EDI 856 and automate the unloading and processing of the freight. **For this reason, it is imperative that the shipment information submitted via the FDSNet web site exactly match the EDI856 (ASN).** Any differences between the information tendered to FTO for routing purposes and that communicated to the receiving facility by electronic transmission may cause a delay in delivery of your goods, delay in processing those goods once they are delivered to the distribution center, and/or a freight chargeback to your company.

Multiple Trailer Requirements

In the event your shipment requires more than one trailer, the shipment must be broken down by trailer, with the shipment information reflecting the exact contents of each trailer. Each trailer must have its own unique Bill of Lading number. **(Each trailer is based upon 3,200 cubic feet per trailer, or a maximum of 22 pallets)**

Every overweight shipment will be issued an authorization/appointment number upon routing. This authorization/appointment number must appear on the shipment Bill of Lading.

FDSNet Shipment Updates Bills of Lading -

If the **Bill of Lading** number is not available until the goods are picked up, you may enter either "0" or all 1's. If you enter "0" the system will fill the field with all 1's. You **MUST** update the FDSNet Shipping entry (the SHIPMENT NUMBER) with the correct Bill of Lading number.

- If you have received authorization to ship via a truckload carrier, the Bill of Lading number may be updated via FDSNet Shipping up until 24 hours prior to the delivery date.
- If you have received authorization to ship via an LTL carrier (i.e. Roadway Express) it is NOT necessary to update the shipment Bill of Lading.

Other Shipment Changes -

If you need to change any of the information on a shipment submitted through FDSNet Shipping:

NOTE – When contacting FTO about an issue with a shipment, always be prepared to provide the SHIPMENT NUMBER or APPOINTMENT NUMBER.

I. Carrier has not yet been assigned; appointment number has not been generated – (UNBOOKED)

1. FDSNet shipping will allow you to change the following on any shipment that has yet to be assigned a carrier:
 - Bill of Lading number
 - Number of Cartons/GOH, Weight, and Cube within certain limits
 - Delete purchase order(s) on the shipment
2. Delete an entire shipment.
3. If FDSNET shipping will not allow you to change or delete certain components mentioned above, please contact FTO immediately.

II. Carrier has been assigned and an appointment number generated - (BOOKED)

If any part of the shipment information changes (either increases or decreases) by the following amounts, and NO PURCHASE ORDER NUMBERS ARE ADDED, updates to shipment information may be sent via FAX 770/393-9180 NO LATER THAN 24 HOURS *PRIOR TO DELIVERY*.

- Shipment weight – increases or decreases by 1,500 lbs or less
- Number of cartons - increases or decreases by 50 cartons or less
- Cubic feet - increases or decreases by 500 cubic feet or less

On all faxes and in all emails– clearly indicate that you are sending an UPDATE TO SHIPMENT # (indicate shipment number). **DO NOT fax copies of the Bills of Lading if there are no changes.**

1. If any part of shipment changes (increases or decreases) by more than the amounts listed above, and/or you are adding new purchase order(s) to your original shipment, you must get approval from FTO for the change **PRIOR TO SHIPPING THE GOODS**.
 - A If you are **INCREASING** by more than the amounts listed above and/or adding purchase order(s) -
 - Enter the additional information in FDSNet Shipping as if it were a new shipment. (Do not re-enter the entire shipment – only the additional cartons, weight, cube and/or purchase order numbers).
 - Select the Specialized Routing Request “PO Add-on” Fill in the appointment number you are updating in the appropriate box. You will receive another shipment number.
 - IMMEDIATELY contact FTO if your freight is scheduled to pick up within 24 hours of PO ADD ON entry.
 - FTO will then either approve the addition to the shipment or arrange alternate routing for that entry.
 - B If you are **DECREASING** by more than the amounts listed above and/or deleting purchase order(s)-
 - You must IMMEDIATELY call FTO with the changes. 770/913-4608.

Failure to receive FTO's approval *prior to shipping* will result in a chargeback being issued to your company.

Overweight Shipments Authorized to Ship via LTL Carrier

If you have been given authorization (via FDSNet Shipping) to ship via an LTL carrier, (i.e. Roadway Express)

- YOU must contact the LTL carrier's local terminal to arrange pick up of the goods.
- It is NOT necessary to update the shipment Bill of Lading number in FDSNet Shipping
- Any shipment submitted through FDSNet Shipping that has been given authorization to ship via an LTL carrier must be picked up within **48 hours** of the ready-to-ship date.
- The authorization number (referred to as “appointment” on the website) issued for the shipment must be noted on the shipment Bill of Lading.
- **Do not add to the cartons, weight, cube, or purchase order numbers to the shipment. The information on the shipment Bill of Lading must match what was submitted via FDSNet Shipping.**

Shipment Routing Expectations - Timing

- Shipments should be submitted for routing **NO LESS THAN 48 hours prior to the order's Ready to Ship date**, taking into consideration weekends and holidays.
- Vendor's Ready to Ship date must be no less than **48 hours** prior to the purchase order cancel date.
- Shipments submitted after 12:00 noon Friday, on Saturday or Sunday, or on a Holiday will be considered as being received on the *next business day*.
- Every effort will be made to route requests on "good" purchase orders within 72 hours of the vendor's Ready to Ship date.

Calculating the “Cubic Feet” of a Shipment

WEIGHT and **CUBIC FEET** are determining factors FTO uses when choosing the mode of transportation for a particular shipment. Therefore, it is imperative that the vendors provide accurate cubic feet information. Calculations for cubic feet should be based upon actual amount of trailer space used. Failure to provide accurate cubic feet information to FTO will result in a chargeback to your company.

The method for calculating the cube of a shipment is:

For all cartons of the same size, multiply

Carton LENGTH by carton WIDTH by carton HEIGHT by the total NUMBER OF CARTONS of this size. Divide the total by 1728. The resulting number is the shipment CUBE.

Example:

Carton Size: Length: 25”, Height 21”, Width 25”

Number of cartons of that size: 150

Calculation: 25 X 21 X 25 X 150 = 1,968,750

Divide 1,968,750 by 1728 = 1,288 cube

This same calculation would be done for every carton size. Add up the cube figured for each carton size – this is the total cubic dimension for the shipment.

When indicating cubic feet, vendors must take into consideration the amount of TRAILER SPACE the shipment will require. Example: Calculated solely on carton sizes, the shipment is less than 3,200 cubic feet, but based upon carton handling (i.e. cartons are not stackable) the shipment will fill an entire trailer, the shipment must be reported as 3,200 cubic feet. Cubic feet entered should be based upon actual shipment cubic feet or trailer space – whichever is greater.

Vendor Ship-from Address

When submitting shipments through FDSNet Shipping, the pick up address you use for the shipment must be correct. Every possible pick up address must be entered as a unique location. If the truck has to move from one location to another, each location must be identified in the system as a unique address. The pick up information for each stop must be entered to accurately reflect what is to be loaded at each stop.

Add New Address – Modify Address Information – Modify Contact Information

If you need to add an address or change information on an existing address, please use the form provided on the Federated Internet website. Sign onto the website at www.fdsnet.com Click on “Routing Guide” and then on “Shipping Address Update Form”. Please allow 1-2 business days for your request to be completed.

The form will require the following information:

- Vendor Number (this is your 12 digit vendor number used during registration)
- Company Name
- Complete pick up address (street address, city, state, zip code)
- Contact Name and phone number
- Email address – please note, only ONE email address per location can be used.
- Open and Closed hours – these are the hours a carrier may come into your facility to pick up.
- Special Calendar Considerations – i.e. “closed at 12:00 on Friday”

Driver Loading Charge

If you require the driver to load at your facility – with no assistance – a “driver load” charge may be issued against your company.

Federated Transportation Office - Hours of Operation:

8:00 AM to 6:00 PM, Eastern Standard Time, Monday through Friday.

Carrier SCAC Codes Used in this Guide:

FOTK - Four Truckers (Furniture)

NART - National Retail Transportation

GASR - Georgia Southern

RDWY - Roadway Express

MGMC - MGM Transport (Furniture)

UPSN - United Parcel Service

XPTG – Xpress Trucking

LTL CARRIER MATRIX

* LTL Carrier Matrix applies to shipments from 0-1,500 lbs and less than 1,000 cubic feet.

Ship to DC →	SECAUCUS	STONE MOUNTAIN	TAMPA	TUKWILA	LOS ANGELES	HAYWARD

Small Ticket-Soft Home (Non-Furniture/Non-Bedding/Non-Rug) Vendors

Effective **January 17, 2005**, all small ticket-soft home (non-furniture/non-bedding/non-rug) vendors can begin entering Macy's Home Store purchase orders into FDSNET for pickups on **January 27, 2005 or later**. All Macy's Home Store soft home shipments submitted through FDSNET for routing instructions must be entered into the NEW Macy's Home Store division.

Soft home vendors must be treat Macy's Home Store as a separate Federated division. Each Federated division should be on one separate bill of lading for that day, per Federated receiving location.

Shipments for Macy's Home Store **should not** be combined on a bill of lading with other Federated divisions (i.e. Macy's East, Macy's West, Macy's Central/RLG-Macy's, Macy's Florida/Burdine's-Macy's, Macy's Northwest/Bon Macy's, Bloomingdale's).

Big ticket (Furniture/Bedding/Rug) Vendors

The system conversion to Macy's Home Store will be March 20, 2005. All shipments for furniture, Rug, and Bedding must reflect Home Store location numbers and reference the associated Macy's Home Store purchase order.

All shipments submitted through FDSNET for routing instructions must be entered into the NEW Macy's Home Store division. The existing operating divisions' purchase orders (Macy's East, Macy's West, Macy's Central, Macy's Florida, Macy's Northwest) must be entered into the NEW Macy's Home Store division. When entered, our system will replace it with a NEW Macy's Home Store purchase order, which you will see. Prior to this date, all purchase orders submitted through FDSNET must be entered in each existing operating division.

Macy's Home Store must be treated as a separate Federated division. Each Federated division must be on one separate bill of lading for that day, per Federated receiving location. Shipments for Macy's Home Store **must not** be combined on a bill of lading with other Federated divisions (i.e. Macy's East, Macy's West, Macy's Central, Macy's Florida, Macy's Northwest, Bloomingdale's).

All vendors shipping to Macy's Home Store should follow the routing instructions for each Federated ship-to facility as specified in this guide.
